

Proof of Claims & Bankruptcy Monitoring

Peritus has developed a proprietary claims management system that optimizes the claim filing process, ensuring that all claims are filed with supporting documentation in an accurate, timely and automated fashion.

Filing a Proof of Claim (POC) can be complicated.

With individual logins for each of the 90+ districts, the unique requirements each court has for submitting a claim, the seemingly endless cycle of changes to the petition, the formal objections that add insult to injury, not to mention keeping employees up to date on all the rule changes, you might be wondering: “Why should I file a Proof of Claim?” – and if you are like most companies, you don’t even bother...but you are missing out on the opportunity to **increase your bottom line!**

Peritus can HELP!

We utilize a proprietary, automated filing system and have optimized the overall processes to make POC filing as simple as tying your shoes. We can use this expertise to help you!

The best part is that even though you’re using our process, everything is in your name - including the checks! Using our service results in fewer hassles from start to finish, each step reducing your overhead and increasing your bottom line!

Send your File to Peritus – We provide you with a standard template to ensure you know what information is required.

Peritus Loads the Cases – Once we have your case information, we load it into our system which then automates the process

POC’s Filed – Peritus creates the document format and receive immediate response that the claim has been accepted or rejected.

Filing Proof of Claims - We file every proof of claim against a secured debt accurately, on time, and according to the unique procedures of each of the nearly 100 bankruptcy courts.

Tracking Proofs of Claim: We monitor and track every filing to ensure that claims have been accurately recorded in the court system until an account is liquidated
